

Leaders of Saudi Arabia

Taking growth to the next level

Saudi Arabi has embarked on a series of reforms and investments in recent years as part of its long-term strategic bid to diversify its economy

Vision 2030

An ambitious vision for an ambitious nation

Since the launch of Vision 2030, we have built a foundation, during which unprecedented reforms were made in the public sector's operating model, the economy and society as a whole. This laid the foundations of success for the future
